|---|---|---|---|---|
| **12045171** | General | RFP | Section 00 22 16, § 7.2.1 (Preliminary Design) | |

Comment Classification: **Unclassified (U)**

Section 7.2.1 limits the Design Drawings sub-factor to no more than five (5) 22" x 34" drawings (excluding the cover sheet). Section 7.2.1 also requires a project overview sheet(s), a projected sheet index, a preliminary work sequence plan, and a proposed traffic control plan. Please confirm whether all these items must fit within the five (5) 22" x 34" drawing sheets. If the additional items may be placed outside the five-drawing limit, would the Government allow up to an additional five (5) pages for the project overview, projected sheet index, preliminary work sequence plan, and proposed traffic control plan?

Does the government require an office space provided by the contractor? If so, what are the requirements?

By: Chad Hankins; RKE Contractors; (5736245277). On: Oct 23 2026. Forward request by email.

| | |
|---|---|
| **1-0** | **Evaluation Concurred.** Propose as Shown; For the Weaverville Seed Task Order, the Government does not require an office space to be provided by the Contractor for Government use. If this requirement changes on future Task Orders issued under the established MATOC, the requirement will be identified in the 01 50 00 - TEMPORARY CONSTRUCTION FACILITIES AND CONTROLS section of the Task Order specifications. This does not preclude the Contractor from providing office space for Contractor use as necessary for contract administration and implementation of effective supervision/project management, quality control, and safety and occupational health programs on for the Weaverville Seed Task Order. By: Hunter Bailey; LRN Nashville District; (615-714-9226) On: Oct 26 2026 |
